

ATTENTION: HERITAGE AND RIDGEWOOD RESIDENTS, FAMILY MEMBERS AND TEAM MEMBERS

IMPORTANT – 11/20/2020 COVID-19 UPDATE – *please read this in its entirety.*

In accordance with shared recommendations from the Centers for Disease Control, Centers for Medicare and Medicaid Services (CMS), the Pennsylvania Department of Health (PA DOH) and others, St. Paul's is in the process of administering our weekly widespread team member COVID-19 testing.

We have received the majority of our test results from our weekly resident and team member testing for the week ending November 20, 2020.

No residents tested positive for Covid-19 this week and only two team members tested positive, both at the Heritage. One team member hasn't worked in our building and was testing in anticipation of their future scheduled days and the other has had limited resident contact.

We will continue weekly testing for both residents and team members next week and will keep you posted as to those results. We are also continuing to maintain a "Yellow Zone" status for most of the residents at this time as per guidance and recommendations set forth by CMS and PA DOH.

If you have any questions regarding this communication or St. Paul's plan of action please contact Dianna Jones, Administrator at The Heritage or Mickie Chapman, Administrator at The Ridgewood.
