

ATTENTION: HERITAGE AND RIDGEWOOD RESIDENTS, FAMILY MEMBERS AND TEAM MEMBERS

IMPORTANT – 11/26/2020 COVID-19 UPDATE – *please read this in its entirety.*

In accordance with shared recommendations from the Centers for Disease Control, Centers for Medicare and Medicaid Services (CMS), the Pennsylvania Department of Health (PA DOH) and others, St. Paul's is in the process of administering our weekly widespread team member COVID-19 testing.

We have received a little over half of our test results from our weekly resident and team member testing for the week ending November 27, 2020.

Thus far we have no residents who tested positive in this week's testing and only one team member tested positive at the Heritage. Based on our discussions with this team member, we have concluded that they have had limited resident contact in the recent weeks.

We will update you again once we have received the majority of this week's test results.

We will continue weekly testing for both residents and team members next week and will keep you posted as to those results. We are also continuing to maintain a "Yellow Zone" status for most of the residents at this time as per guidance and recommendations set forth by CMS and PA DOH. Please refer to our website for additional information relating to "Zones".

If you have any questions regarding this communication or St. Paul's plan of action please contact Dianna Jones, Administrator at The Heritage or Mickie Chapman, Administrator at The Ridgewood.
