

ATTENTION: HERITAGE AND RIDGEWOOD RESIDENTS, FAMILY MEMBERS AND TEAM MEMBERS

IMPORTANT – 4/22/2021 COVID-19 UPDATE – *please read this in its entirety.*

St. Paul's Senior Living Community, Greenville, PA, continues to adjust its action plan in response to information, recommendations and requirements shared by the Centers for Disease Control (CDC), Centers for Medicare and Medicaid Services (CMS) the Pennsylvania Department of Health (PA-DOH) and others. As you know, St. Paul's serves a fragile population and we have a responsibility to implement a plan of action to protect our population and our workforce. ***Please keep in mind that all of the steps we are taking are in the best interest of the health and safety of residents and staff.*** Also note, that our plan of action is subject to change as new information becomes available.

Today, we were informed that one of our team members who has been in both The Heritage and The Ridgewood has tested positive during our routine testing. This team member has had NO resident contact in either building during their transmission-based precaution period.

Out of an abundance of caution and in an effort to apply the guidance of organizations listed above, we are doing outbreak testing on all residents and team members immediately. The results of the tests will determine our plan of action moving forward.

In the meantime, we are thankful that we can continue to offer visitation at The Heritage and at The Ridgewood. We will keep you apprised of any changes. This continues to be a very fluid and ever-changing situation and we appreciate your patience and cooperation as we continue to navigate through these uncharted waters.

If you have any questions regarding this communication or St. Paul's plan of action please contact Dianna Jones, Administrator at The Heritage or Mickie Chapman, Administrator at The Ridgewood.
