

ATTENTION: VILLAS RESIDENTS, FAMILY MEMBERS AND TEAM MEMBERS

IMPORTANT – 2/3/2021 COVID-19 UPDATE – *please read this in its entirety.*

In accordance with shared recommendations for the Centers for Disease Control, Centers for Medicare and Medicaid Services, the Pennsylvania Department of Health and others, we are required to notify you each time there is a change or development in our Covid-19 status, including new cases among residents and/or team members. We are also required to notify you if we admit a resident with a Covid-19 diagnosis even if they have met the criteria for discontinuation of transmission-based precautions.

We continue to administer ongoing Covid-19 testing of all residents every 3-5 days. In addition, we are testing residents who present symptoms consistent with Covid-19. We are also performing widespread testing of all team members twice per week and it will be administered at various times throughout the week going forward as compared to specified days. Team members who present with symptoms consistent with Covid-19 are taken off the schedule and advised to consult with their clinician.

Yesterday, we were notified that we had two team members test positive for Covid 19.

Since this outbreak began on November 12, 2020 we have had a total of 55 residents and 70 team members at the Villas test positive for Covid-19. We have also had six third party health care workers who provide services to our residents test positive for Covid-19. Furthermore, we have admitted three residents who have tested positive and had met the criteria for discontinuation of transmission-based precautions upon admission and one resident from elsewhere on campus who tested positive.

Today, Springs A and B, the Meadows and Gardens A are all YELLOW ZONES.

Willows A and B, Gardens B, Orchards B continue as GREEN ZONES.

If you have any questions regarding this communication or St Paul's plan of action please contact Tammy Lininger, Administrator at the Villas or Leann McCurdy, Director of Nursing at the Villas.
