

ATTENTION: VILLAS RESIDENTS, FAMILY MEMBERS AND TEAM MEMBERS

IMPORTANT – 5/7/2021 COVID-19 UPDATE – please read this in its entirety.

In accordance with shared recommendations for the Centers for Disease Control (CDC), Centers for Medicare and Medicaid Services (CMS), the Pennsylvania Department of Health (PA DOH) and others, we are required to notify you each time there is a change or development in our Covid-19 status, including new cases among residents and/or team members. We are also required to notify you if we admit a resident with a Covid-19 diagnosis even if they have met the criteria for discontinuation of transmission-based precautions.

We continue to perform widespread testing of all team members once per week. Team members who present with symptoms consistent with Covid-19 are taken off the schedule and advised to consult with their clinician. In addition, we are testing residents who present with symptoms consistent with Covid-19.

We've been notified that one of our team members tested positive for Covid-19. This team member did not work within their transmission precaution period. Therefore, visitation remains open on ALL neighborhoods in The Villas.

Also, we have expanded visitation for Mother's Day weekend (Saturday and Sunday). Normal visiting hours apply to all other days.

Please note the expanded times for this Saturday and Sunday.

- ***Saturday – 9:00 a.m. to 11:00 a.m. and 2:00 p.m. to 4:00 p.m.***
- ***Mother's Day – 9:00 a.m. to 11:00 a.m. and 1:00 p.m. to 4:00 p.m.***

Since November 2020, we have had a total of 55 residents and 82 team members at the Villas test positive for Covid-19. We have also had six third party health care workers who provide services to our residents test positive for Covid-19. Furthermore, we have admitted twelve residents who have tested positive and had met the criteria for discontinuation of transmission-based precautions upon admission and one resident from elsewhere on campus who tested positive.
